

External Auditions Policy

The college policy is as follows:

- Only 3rd years may audition in term time, and only for jobs which do not compromise their final year of training.
- Auditions for industry related work during holiday time which any student may be able to participate in, will be permitted at the college's discretion.
- If there is an open audition advertised, please advise the Casting and Corporate Lead as soon as you are aware via email, providing a list of who wants to attend.
- The Casting and Corporate Lead will then consult with the Principal and Course –Co-ordinator to ascertain whether this interferes with any study commitments. Written permission will then be given. Proof of consent must then be forwarded to the Course Leaders prior to the authorised absence.
- Any student found to be taking part in auditions without permission will face the disciplinary procedures as this is not acceptable.
- The Casting and Corporate Lead oversees any auditions or castings that are in house. Students who are chosen for auditions or cast automatically for roles during term times will be at the discretion of the Casting and Corporate Lead and dependent upon all of the above.
